MINISTRY OF CONSUMER AND COMMERCIAL RELATIONS

OFFICE OF THE SUPERINTENDENT OF INSURANCE

TO THE HONOURABLE ROBERT G. ELGIE, M.D.

Minister of Consumer and Commercial Relations

I have the honour to submit herewith the One-hundred and sixth Annual Report of the Superintendent of Insurance showing business for the year ended December 31, 1984.

The Report is arranged in five divisions, in addition to an index of all insurers licensed to carry on business in Ontario and classes of insurance for which they are authorized.

Division I, entitled "Annual Statement Abstracts", contains tabulated summaries showing the financial condition of all licensed insurers except those registered under the Canadian and British Insurance Companies Act, 1970, or the Foreign Insurance Companies Act, 1970 (Government of Canada Insurance Acts). It should be noted that Lloyd's is now federally registered and has been dropped from this section of the report.

The figures shown are, generally, those reported by companies. Some changes may be necessary in the detailed financial statements as a result of examinations carried out prior to the publication of the next Report. These changes will be shown in the next Report.

Division II, entitled "Non-Profit Hospital and Medical Services Associations", contains tables showing in summary form the assets, liabilities, income and expenditure, together with the number of subscribers and persons covered for all associations registered under the Prepaid Hospital and Medical Services Act.

Division III, entitled "Investment Contract Companies", contains extracts from financial statements filed with the Department by the one company licensed under the Investment Contracts Act.

Division IV, entitled "Statistical Tables", shows in tabular form the premiums and losses and underwriting experience in Ontario of all insurers licensed in the Province with the exception of mutual benefit societies and pension fund associations. Information concerning the total Canadian business of these insurers is also shown in these tables.

Because the statistical tables show business written and losses incurred on a direct basis, there are also tables showing the business of those insurers licensed to write only contracts of reinsurance. These tables show business written and losses incurred on an assumed, ceded and net basis.

Division V, entitled "Appendices", shows other miscellaneous information.

Automobile Insurance Rate Differentials

The following table has been compiled to illustrate the widely varying automobile insurance claims experience of the different classes of drivers for which statistics are collected by the Superintendent of Insurance.

The figures shown are claim plus claim adjusting expenses per car insured for policies issued during one year periods ending 1982 and 1983 reported in the latest compilation. The experience relates to Ontario only and it should be emphasized that the figures refer to an average of all cars insured — not just those which were involved in accidents.

The figures are based on the existing statistical classification system which for principal operators under age 25 emphasizes age, sex and marital status but does not take into account years of driving experience.

In view of revisions to the Ontario Human Rights Act and provisions in the Charter of Rights, work is proceeding on the development of new statistical classifications which will emphasize driver record and use of vehicle and de-emphasize age, sex and marital status. Coding by new classifications commences in 1984 and 1985.

Agents, Brokers and Adjusters

During 1984, the following licences were issued:

Life insurance agents	19,051
Non-life insurance agents	3,278
Adjusters	1,048
	23,377

Included in the total of life insurance agents licensed are 793 dual licensed agents. These are agents who are also registered under the Ontario Securities Act to act as salesmen for mutual funds.

Investment Contract Company Salesmen

There were 645 salesmen registered in 1983.

Prepaid Medical Associations

Four Associations are now registered under the Prepaid Hospital and Medical Services Act.

LEGISLATION

While no new statutes or amendments to existing statutes were enacted during the period, the year 1984 saw the passage of certain regulations under related Acts administered by the Ministry through the Superintendent of Insurance. These regulations with their principal features and effect were:

(1) Ontario Regulation No. 72/84 made under the Motor Vehicle Accident Claims Act, which basically provided a mechanism whereby persons who have claims or judgments against persons insured under motor vehicle liability policies issued by a "designated insurer" may apply for payments out of the Motor Vehicle Accidents Claims Fund, arising mainly from the insolvency in 1981 of Pitts Insurance Company and whereby also the insolvent Cardinal Insurance Company was so designated in similar circumstances.

(2) Ontario Regulation No. 352/84 made under the Prearranged Funeral Services Act, which required funeral directors to maintain more detailed information on agreements, more stringent controls on monies held in trust by funeral directors as well as the manner in which such funds are disbursed, and required funeral directors to file with the Registrar of the Board of Funeral Services certain information on outstanding agreements at the time of application for renewal of the funeral director's funeral establishment licence under the Funeral Services Act.

(3) Ontario Regulation No. 447/84 made under the Registered Insurance Brokers Act, as initiated and approved by the Registered Insurance Brokers of Ontario (RIBO), a self-governing agency, which provided for the election of eight members of RIBO to its governing council, with four members to be chosen on an annual basis commencing with an election scheduled for November, 1984.

Guidelines

Over the years the Superintendent has issued guidelines to licences respecting the conduct of the business of insurance in Ontario. The purpose of these guidelines is to give some direction or instruction to insurers mainly with respect to new developments in the insurance industry. In many cases, guidelines as experience indicates and as matters develop, become regulations or part of the statutes. These guidelines are as follows:

(1) A guideline with respect to the marketing of automobile policies and synthetic fleets issued August 1, 1969. It arose out of the efforts of some automobile insurers to market automobile insurance on a mass merchandising basis.

(2) A guideline issued February 22, 1972, to all insurers transacting automobile insurance in Ontario in connection with the limitation on bringing action. This guideline arose out of investigations conducted by my office based on complaints by members of the public not represented by legal counsel having their claims against insurers prescribed by reason of the expiration of one-year limitation period for bringing action under the Insurance Act.

(3) A guideline issued April 24, 1972, arising from a decision of the Supreme Court of Ontario in the case of Hill vs. Lumbermens Mutual Insurance Company. This guideline deals with the situation where a member of the insuring public was denied coverage under the comprehensive personal liability part of the fire insurance policy. It deals with the case where listed property was not shown on the contract and suggests a method of proceeding whereby a standard of care will be taken by insurers and agents to ensure that all such properties are, in fact, covered.

(4) A guideline issued November 21, 1972 to all insurers transacting automobile insurance in Ontario in connection with the mandatory automobile accident benefit coverage provided under Schedule E (now Schedule C) to the Insurance Act. This guideline arose out of several instances reported to me of insurers failing to provide their insureds or policy claimants, with information necessary in order to make proper claims for benefits.

(5) A guideline issued January 22, 1973, to all proprietor insurance adjusters resulting from disciplinary action I found necessary to take against two proprietors of an adjusting firm for their conduct in connection with the settlement of a claim to the extent that one proprietor's licence was suspended and the other reprimanded and his licence continued only on a conditional basis. This guideline summarized the effects of the finding of my Advisory Board with respect to the duties and role of adjusters and re-affirmed the principles and ethics applicable to the licensing of adjusters in Ontario.

(6) A guideline issued May 15, 1973 respecting the mass advertising of life, accident and sickness insurance following its adoption, as amended, at the April 1973 Conference of the Superintendents of all provinces and territories of Canada. As thus amended, it replaced the original guideline on the subject which I had issued on February 28, 1972 and was published in my annual report for the year 1972. The guideline was further amended in 1976 to clarify and update the requirements with respect to the filing of mass-advertising material with the Superintendent of each of the several provinces. This guideline is based upon an interpretation of section 393 of the Insurance Act (Ontario) dealing with unfair and deceptive acts or practices in the business of insurance. Its basic purpose is to assure truthful and adequate disclosure in all advertisements and related literature used in the mass solicitation of life, accident and sickness insurance by the establishment of and adherence to certain minimum standards of conduct in such mass advertising.

(7) A guideline issued May 25, 1973 to all insurers transacting automobile insurance in Canada dealing with removal of the statutory condition in the standard automobile policies with respect to driving under the influence of intoxicating liquor or drugs as a result of legislation recommended in this regard for enactment in all the common law provinces of Canada, subject to proclamation.

(8) Arising from the subsequent proclamation naming September 1, 1973, as the effective date of the legislation referred to in item (7) above, a supplementary guideline was issued July 16, 1973 drawing the attention of automobile insurers to this amendment deleting part of the automobile statutory condition dealing with driving an automobile while under the influences of intoxicating liquor or drugs and consequent amendment to the standard automobile policy form effective September 1, 1973.

(9) A guideline issued August 28, 1973 to all fraternal societies licensed in Ontario drawing attention to the effect of the passing into law of the Corporations Tax Amendment Act 1972 which requires all such societies to pay premium tax with respect to contracts entered into by them after January 1, 1974.

(10) A guideline issued February 24, 1975 to all insurers transacting automobile insurance in Ontario regarding actions taken by insurers in the name of the insured with respect to a subrogated interest. This guideline stressed the importance of the insurer checking with each concerned insured as to his/her interests in the matter so that insureds may not de denied the right of recovery with respect to their personal interests.

(11) A guideline issued effective January 1, 1976 governing group accident insurance and group sickness insurance, as adopted by the Superintendents of Insurance for the several provinces and territories of Canada. This guideline generally sets out the conditions under which a contract of group insurance may be issued. It also prohibits the issuance of such a group contract unless the benefits are payable according to a schedule that is non discriminatory as between members or members of the same class, and governs other matters relating to insurance eligibility as well as concerning the payment of compensation by the insurer to the policyholder or an agent or employee thereof under a group contract.

(12) A guideline issued effective July 1, 1976 governing disclosure relative to accident insurance and sickness insurance, as adopted by the Superintendents of Insurance of the several provinces and territories of Canada. Among other requirements, this guideline calls for the inclusion in each application or policy and every advertisement and piece of sales literature that illustrates the cost of insurance for a specific type of policy, an information statement indicating a certain percentage of the premiums that will be required for claims, estimated by the actuary for the insurer on the basis of an assumption of morbidity, mortality, lapse and interest that the insurer uses in establishing the premiums to be charged for the policy.

(13) A guideline issued October 7, 1976 to all insurers and life insurers concerning the licensing of insurance agents. This guideline deals generally with the insurer's responsibilities with respect to renewal of licences by their agencies and the acceptance of business by insurers from unlicensed agents.

(14) A guideline issued effective January 1, 1978 respecting the disclosure of benefits, limitations and exclusions in individual policies of accident and sickness insurance, as adopted by the Superintendents of Insurance of the several provinces and territories of Canada. The basic purpose of this guideline is to encourage the issuance of clear and readable policies of accident insurance, sickness insurance or accident and sickness insurance to the end that purchasers may understand, as fully as possible, the coverage which is provided. Towards this end, the guideline requires a statement disclosing the principal benefits, conditions, exclusions or limitations of the policy to be prepared and delivered to the insured at the time of delivery of the policy, containing prescribed information to be given under a prominent caption. The guideline applies to all such policies with certain exceptions including non-renewable insurance issued for a period of six months or less that is issued in relation to a ticket or travel.

(15) A guideline issued March 25, 1980 to all insurers transacting legal expense in Ontario arising from the introduction of this new class of insurance in the Province. This guideline indicates that with respect to the underwriting of the new class of legal expense insurance in Ontario, insurers concerned shall observe certain conditions and limitations, namely: (a) all contracts of legal expense insurance shall provide the insured with complete freedom to select the lawyer of his own choosing, (b) no such contracts shall provide coverage with respect to the payment of fines and penalties imposed under any legislation, (c) all contracts of legal expense insurance shall stipulate that where the insured is also entitled to benefits covered under the Ontario Legal Aid Plan or other publicly financed program, benefits under the private insurer's plan will be treated as primary to the benefits payable under any other such programs. In accordance with the Cabinet minutes approving the regulation to create this new class of legal expense insurance under the Insurance Act, this guideline was developed in consultation between our Ministry and the Ministry of the Attorney General.

(16) A guideline issued May 28, 1980 to all insurers transacting automobile insurance in Ontario, restating the proper method for the writing and rating of insurance policies issued in respect of automobiles which are leased rather than owned, in accordance with applicable provisions of the Insurance Act.

(17) A guideline issued May 29, 1980 to all insurers transacting automobile insurance in Ontario, drawing attention to the discontinuance in Ontario of the 04 statistical classification for unmarried male principal operators aged 25 to 29, with effect from July 1, 1980. The reasons for the abolition of the special class were (a) no corresponding special classes existed for married males or for unmarried females in the same age group, causing doubts as to the validity of surcharges based on statistics for this validity of surcharges based on statistics for this group; (b) it having appeared that the use of the special category resulted in older unmarried males being pooled with females and married males aged 25 to 29, and (c) the elimination of a special category produced a clearer structure in the statistical plan: all drivers over age 24 are classified by vehicle use and claims record and not by age, sex or marital status. Insurers were therefore requested to adjust their rate table to reflect the statistical change in orderly fashion, with a target date of year-end 1980 for implementing changes.

(18) A guideline issued November 5, 1980 to all insurers transacting automobile insurance in Ontario with respect to side-agreements entered into between the insurer and the insured which were designated as "endorsements" to the policy. This guideline drew attention to Section 222 of the Insurance Act which provides specifically for side-agreements with respect to partial payment by insurers of third party claims. However, the guideline stressed that such agreements cannot and should not be designated as endorsements.

(19) A guideline issued effective July 1, 1981 governing credit card group accident and sickness insurance, as adopted by the Superintendents of Insurance of the several provinces and territories of Canada. This guideline applies to group insurance contracts providing accident and/or sickness benefits to the named holders of a credit card and their families from a specific credit card issuer; however, it does not apply to group insurance contracts providing benefits for loss of income because of disability due to sickness. The guideline makes the insurer issuing a credit card group insurance policy responsible for all printed material regarding the insurance provided to every group person insured and sets out the particulars to be contained in a certificate or other document issued for delivery to each group person insured as well as the procedure to be followed in making a claim. In addition, an anticipated loss ratio must be disclosed in accordance with item (12) noted above, being the guideline for disclosure relative to accident and sickness insurance, and requires all solicitation of credit card group insurance in the form of advertisements, brochures and related literature to observe the terms of item (6) noted above being the guideline respecting the mass advertising of life, accident and sickness insurance.

(20) A guideline issued August 10, 1981 to all insurers transacting general insurance in the provinces of Canada concerning the mass marketing of personal lines (property and automobile) insurance as developed by an industry/provincial governments committee in respect of both existing and new business. The purpose of this guideline was to (a) ensure truthful and adequate disclosure in all literature used in the mass marketing of such insurance; (b) establish certain minimum standards of conduct in the solicitation of business to avoid unfair competition and practices among insurers; and (c) set out and ensure that no industry rating bureau and no insurer shall fix or make a rate or schedule of rates or charge at a rate for insurance (falling within the scope of the guideline) to a qualifying group that would result in a lower cost to an individual in such group than such individual would have to pay if insured individually, nor shall any insurer engage in any unfair or deceptive acts or practices. This guideline has full force and effect in all Canadian jurisdictions, except Quebec, with a few variances only in the case of Alberta and Saskatchewan.

(21) A guideline issued October 19, 1981 to all insurers transacting automobile insurance in Ontario concerning the processing of new or renewal policies for elderly drivers. This guideline, resulting from an earlier investigation by my office, was prepared and based on the evidence of various discriminatory practices in effect which could be considered to be unfair. It sets out certain practices in this regard which are considered to be unfair and prohibited, including, solely by reason of age, any refusal by an insurer to accept in the normal way of a new business application for an elderly driver, any imposition on him/her or a higher premium or requirement for medical examinations or eye tests/ The guideline also indicated that any instance or failure to comply with it as reported to me may be considered grounds for convening a hearing to determine whether an order will be made against the insurer concerned prohibiting the practice.

(22) A guideline issued effective January 1, 1982 respecting disclosure on group and creditors group accident and sickness insurance, as adopted by the Superintendent of Insurance of the several provinces and territories of Canada. This guideline applies to group insurance contracts and creditors' group insurance contracts providing accident and/or sickness benefits, except blanket insurance, a contract of group insurance of a non-renewable type issued for a term of six months or less or a credit card group insurance contract. In the applicable cases, its requirements include an obligation on the insurer to issue for delivery by the insured to each group person insured a certificate or other document in which are set forth prescribed particulars relating to the contract with sufficient identification of the same and the procedure to be followed in making a claim.

(23) A guideline issued also effective January 1, 1982 respecting travel accident and sickness insurance, as adopted by the Superintendents of Insurance of the several provinces and territories of Canada. The purpose of this guideline is to ensure that purchasers of travel accident and sickness insurance will have access to full information on the travel insurance being made available and that a policy, certificate or other document providing full particulars of the benefits, limitations and exclusions will confirm the coverage purchased. It also requires all solicitation of travel accident and sickness insurance in the form of advertisements, brochures and related literature to observe the terms of item (6) noted above, being the guideline respecting the mass advertising of life, accident and sickness insurance.

(24) A guideline governing group life insurance has been in effect for some years, as adopted by the Superintendents of Insurance of the several provinces and territories of Canada and amended from time to time as required. In setting out the requirements and conditions for the issuance of a group life insurance contract and otherwise, this guideline corresponds to item (11) noted above, being the guideline governing group accident and sickness insurance.

(25) A guideline respecting the adjustment of losses by salaried employees of licensed insurers in regard to every contract other than (i) a contract of life insurance, (ii) a contract of accident and/or sickness insurance, and (iii) a contract of marine insurance has been in place for some years, as adopted by the Superintendents of Insurance of the several provinces and territories of Canada. This guideline governs the training of staff adjusters of licensed insurers to ensure qualification to handle in a professional and competent manner those losses which they are authorized to adjust and that, pending completion of such training, the adjustment of losses by trainee adjusters will be supervised by a person trained and qualified to handle the class and level of losses under adjustment. This guideline also expects the cooperation of licensed insurers in maintaining standing instructions to govern the conduct and procedures to be followed by their staff adjusters and telephone adjusters including, where applicable, appraisers with such standing instructions to be brought to the attention of all such staff, including trainees, and a record of formal acknowledgment by them to be maintained. It also points to varying government requirements and regulations relating to unfair and deceptive acts and practices in the business of insurance, some of which apply specifically to adjusters.

(26) A guideline for automobile damage appraisers has been in place for some years, as adopted by the Superintendents of Insurance of the several provinces and territories of Canada. This guideline sets out the standards of conduct to be observed by a damage appraiser in appraising damage as well as the qualifications and competency expected of a damage appraiser by demonstrating sound judgement and an ability to prepare accurate appraisals and to have practical knowledge of all relevant technical matters.

(27) A consolidated and revised guideline was issued in September 1984 on creditor's group life and creditor's group accident and sickness insurance. This guideline supersedes and replaces four previous guidelines issued on creditors group insurance namely, on June 1968, November 1973, April 1974 and May 1976.

This guideline embodies all salient and important features of four previous guidelines, namely, a slightly revised loss-ratio requirement, responsibility of a creditor and an insurer, limitations on the amount of insurance that can be provided under a creditor's group insurance, and limitation of expense reimbursement that is allowed under the guideline. It now expands disclosure requirements to provide all insured debtors with adequate information on the insurance program.

This guideline is in effect in all common law provinces.

Further information concerning the above noted Guidelines is available on request from the Office of the Superintendent of Insurance, 6th Floor, 555 Yonge Street, Toronto, Ontario.
